## ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission (the “SEC”) using the “shelf” registration process. Under this shelf registration process, the selling stockholders may, from time to time, sell or otherwise distribute the securities offered by them as described in the section entitled “*Plan of Distribution*” in this prospectus. We will not receive any proceeds from the sale by such selling stockholders of the common stock offered by them described in this prospectus. This prospectus also relates to the issuance by us of the shares of our common stock issuable upon the exercise of the warrants granted to the selling stockholders. We will receive proceeds from any exercise of the warrants for cash.

Neither we nor the selling stockholders have authorized anyone to provide you with any information or to make any representations other than those contained, or incorporated by reference, in this prospectus, any post-effective amendment, or any applicable prospectus supplement prepared by or on behalf of us or to which we have referred you. Neither we nor the selling stockholders take responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. Neither we nor the selling stockholders will make an offer to sell these securities in any jurisdiction where the offer or sale is not permitted.

We may also provide a prospectus supplement or post-effective amendment to the registration statement to add, update or change information contained in or incorporated by reference into, this prospectus. You should read both this prospectus and any applicable prospectus supplement or post-effective amendment to the registration statement together with the additional information to which we refer you in the sections of this prospectus entitled “*Where Can You Find More Information*” and “*Incorporation By Reference*”.

This prospectus contains or incorporates by reference summaries of certain provisions contained in some of the documents described herein, but reference is made to the actual documents for complete information. All of the summaries are qualified in their entirety by the actual documents. Copies of some of the documents referred to herein have been filed, will be filed or will be incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below in the section of this prospectus entitled “*Incorporation By Reference*”.

## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference herein includes “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements in this prospectus and the documents incorporated by reference herein, other than statements of historical fact, are “forward-looking statements” for purposes of these provisions, including, without limitation, any projections regarding the markets where we operate, any statements of the plans and objectives of our management for future operations, any statements concerning proposed new products or services, any statements regarding expected capital expenditures, any statements regarding future economic conditions or performance, and any statements of assumptions underlying any of the foregoing. All forward-looking statements included in this prospectus and the documents incorporated by reference herein are made as of the date hereof or thereof, as applicable, and are based on information available to us as of such dates. We assume no obligation to update any forward-looking statement. In some cases, forward-looking statements can be identified by the use of terminology such as “may,” “will,” “expects,” “plans,” “should,” “anticipates,” “intends,” “seeks,” “believes,” “estimates,” “potential,” “forecasts,” “continue,” or other forms of these words or similar words or expressions, or the negative thereof or other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements contained herein are reasonable, there can be no assurance that such expectations or any of the forward-looking statements will prove to be correct. Actual results will likely differ, and could differ materially, from those projected or assumed in the forward-looking statements. Prospective investors are cautioned not to unduly rely on any such forward-looking statements.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations, and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy, and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks, and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not rely on any of these forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following:

- We operate in an extremely competitive industry and are subject to pricing pressures.
- We have a history of losses and our audited financial statements include a statement that there is a substantial doubt about our ability to continue as a going concern. As our costs increase, we may not be able to generate sufficient revenue to achieve and sustain profitability.
- Our business and future growth depends on the needs and success of our customers, and we have substantial customer concentration.
- We may not be able to successfully manage our growth.
- We may be negatively impacted by public health epidemics or outbreaks, including the novel coronavirus (“COVID-19”) as well as uncertainty in global economic conditions.
- We may fail to expand our sales and distribution channels and our ability to expend into international markets is uncertain.

- Nearly all of our raw materials enter the United States through a limited number of ports, and we rely on third parties to store and ship some of our inventory; labor unrest at these ports or other product delivery difficulties could interfere with our distribution plans and reduce our revenue.
- Government reviews, inquiries, investigations, and actions could harm our business or reputation.
- We are dependent on third-party manufacturers and suppliers, including suppliers located outside the United States, and our operating results could be adversely affected by changes in the cost and availability of raw materials as well as increases in costs, disruption of supply, or shortage of any of our battery components, such as electronic and mechanical parts, or raw materials used in the production of such parts.
- We rely on two warehouse facilities and if any of our facilities becomes inoperable for any reason or if our expansion plans fail, our ability to produce our products could be negatively impacted.
- Lithium-ion battery cells have been observed to catch fire or release smoke and flame, which may have a negative impact on our reputation and business.
- We could face potential product liability claims relating to our products, which could result in significant costs and liabilities, which would reduce our profitability.
- Our operations expose us to litigation, tax, environmental, and other legal compliance risks.
- Our failure to introduce new products and product enhancements and broad market acceptance of new technologies introduced by our competitors could adversely affect our business.
- We may not be able to adequately protect our proprietary intellectual property and technology and we may need to defend ourselves against intellectual property infringement claims.
- Quality problems with our products could harm our reputation and erode our competitive position.
- Our ability to raise capital in the future may be limited and our stockholders may be diluted by future securities offerings.
- We depend on our senior management team and other key employees, and significant attrition within our management team or unsuccessful succession planning could adversely affect our business.
- We are an “emerging growth company” and elect to comply with certain reduced reporting requirements applicable to emerging growth companies, which could make our securities less attractive to investors.
- Such other factors as discussed under “*Risk Factors*” herein and in the documents incorporated by reference herein, including our latest Annual Report on Form 10-K.

All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by these cautionary statements. Our actual results will likely differ, and may differ materially, from anticipated results. Financial estimates are subject to change and are not intended to be relied upon as predictions of future operating results, and we assume no obligation to update or disclose revisions to those estimates. If we do update or correct one or more forward-looking statements, investors and others should not conclude that we will make additional updates or corrections.

### Overview

Expion360 Inc. (the “Company,” “Expion360”, “we,” “us” or “our”) focuses on the design, assembly, manufacturing, and sales of lithium iron phosphate (LiFePO<sub>4</sub>) batteries and supporting accessories for recreational vehicles (“RVs”) and marine applications with plans to expand into home energy storage products and industrial applications. We design, assemble, and distribute high-powered, lithium battery solutions using ground-breaking concepts with a creative sales and marketing approach. We believe that our product offerings include some of the most dense and minimal-footprint batteries in the RV & Marine industry. We are developing the e360 Home Energy Storage: a system that we expect to significantly change the industry in barrier price, flexibility, and integration. We are deploying multiple IP strategies with cutting-edge research and unique products to sustain and scale the business. We currently have customers consisting of dealers, wholesalers, private label customers and original equipment manufacturers who are driving revenue and brand awareness nationally.

Our corporate headquarters are based in Redmond, Oregon, with assembly in the United States and suppliers based in Asia. We are currently in the process of building out manufacturing capacity at our corporate headquarters. Our long-term target is to onshore the manufacturing of most of our components and assemblies, including cell manufacturing, to the United States.

Our main target markets are currently the RV & Marine industry. We believe that we are well positioned to capitalize on the rapid market conversion from lead-acid to lithium batteries as the primary method of power sourcing in these industries. Additional focus markets include home energy storage, where we aim to provide a cost-effective, low barrier of entry, and a do-it-yourself (“DIY”) flexible system for those looking to power their homes via solar energy, wind, or grid back-up. Along with RV/Marine and home energy storage markets, we aim to provide additional capacities to the ever-expanding electric forklift and industrial material handling markets.

Expion360’s e360 product line, which is manufactured for the RV/Marine industry, was launched in December 2020. The e360 product line, through its rapid sales growth, has shown to be a preferred conversion solution for lead-acid batteries. We believe that our e360 Home Energy Storage system has strong revenue potential with recurring income opportunities for us and our associated sales partners.

Our products provide numerous advantages for various industries that are looking to migrate to lithium-based energy storage. They incorporate detailed-oriented design and engineering and strong case materials and internal and structural layouts, and are backed by responsive customer service.

The following description of our capital stock is a summary of the rights of our capital stock and summarizes certain provisions of our certificate of incorporation and our bylaws. This summary does not purport to be complete and is qualified in its entirety by the provisions of our certificate of incorporation and bylaws, copies of which have been filed as exhibits to our most recent Annual Report on Form 10-K, as well as to the applicable provisions of Nevada law.

### Warrants

#### *\$2.90 Warrants*

On November 9, 2021, the Company issued warrants to purchase 151,000 of shares of the Company's common stock with an exercise price of \$2.90 per share (the "\$2.90 Warrants"). The \$2.90 Warrants are exercisable for a period of 3 years from date of grant. If holders of the \$2.90 Warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their \$2.90 Warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the difference between the "fair market value" (defined below) multiplied by the number of shares underlying such holder's \$2.90 Warrants and the exercise price multiplied by the number of shares underlying such holder's \$2.90 Warrants by (y) the fair market value. The "fair market value" shall mean the prior five-day average closing price of the common stock on the date on which the holder elects to exercise their \$2.90 Warrants. The \$2.90 Warrants have certain adjustment rights upon certain events.

#### *\$3.32 Warrants*

On November 22, 2021, the Company issued warrants to purchase 559,431 shares of the Company's common stock at an exercise price of \$3.32 per share (the "\$3.32 Warrants"). The \$3.32 Warrants are exercisable for a period of 10 years from date of grant. If holders of the \$3.32 Warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their \$3.32 Warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the difference between the "fair market value" (defined below) multiplied by the number of shares underlying such holder's \$3.32 Warrants and the exercise price multiplied by the number of shares underlying such holder's \$3.32 Warrants by (y) the fair market value. The "fair market value" shall mean the volume weighted average of the closing sales price of the common stock averaged over 20 consecutive trading days ending on the trading day prior to the date on which "fair market value" is determined. The \$3.32 Warrants have certain adjustment rights upon certain events. The Company is required to cause a registration statement registering the resale of the shares of our common stock issuable upon exercise of the \$3.32 Warrants to become effective in connection with its initial public offering. The registration statement of which this prospectus forms a part is intended to satisfy this requirement.

### **Underwriter Warrants**

Concurrent with the closing of the initial public offering, the Company issued warrants to purchase an aggregate of 128,700 shares of its common stock to Alexander Capital LP and Paulson Investment Company LLC (as apportioned in accordance with agreements amongst them), or their designees, at an exercise price of \$9.10 per share (the "Underwriter Warrants"). The Underwriter Warrants are initially exercisable on September 27, 2022 and expire on March 31, 2027.

If there is not an effective registration statement registering the resale of the shares of common stock issuable upon exercise of the Underwriter Warrants, holders of the Underwriter Warrants may elect to exercise them on a cashless basis and pay the exercise price by surrendering their Underwriter Warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the Underwriter Warrants, multiplied by the difference between (i) the daily volume weighted average price of the common stock on the trading day immediately preceding the date of the exercise notice or on the date of the exercise notice (if delivered after regular trading hours) and (ii) the exercise price of the Underwriter Warrants and by (y) the daily volume weighted average price of the common stock on the trading day immediately preceding the date of the exercise notice or on the date of the exercise notice (if delivered after regular trading hours). If the Company does not deliver common stock to a holder upon such holder's exercise of their Underwriter Warrants in compliance with the timing set out in the Underwriter Warrants, the Company will have to pay cash to such holder in accordance with the terms of the Underwriter Warrants. The Underwriter Warrants include anti-dilution provisions (for stock dividends, splits and recapitalizations and similar transactions), which results in the adjustment of the exercise price and entitles holders of the Underwriter Warrants to participate in subsequent rights offerings or distributions to holders of the Company's common stock, as applicable. The Underwriter Warrants also have certain adjustment rights upon certain events. Further, the Underwriter Warrants provide for a one-time demand registration right, exercisable until March 31, 2027 and unlimited piggyback rights, exercisable until September 27, 2024.

### **Options**

Prior to our initial public offering, we issued options to purchase 30,000 shares of common stock granted to one individual which had an exercise price of \$3.32.

### **Anti-Takeover Effects of Provisions of Our Charter Documents**

The provisions of Nevada law and our Bylaws may have the effect of delaying, deferring or preventing another party from acquiring control of the company. These provisions may discourage and prevent coercive takeover practices and inadequate takeover bids.

## *Nevada Law*

Nevada law contains a provision governing “acquisition of controlling interest.” This law provides generally that any person or entity that acquires 20% or more of the outstanding voting shares of a publicly-held Nevada corporation in the secondary public or private market may be denied voting rights with respect to the acquired shares, unless a majority of the disinterested stockholders of the corporation elects to restore such voting rights in whole or in part. The control share acquisition act provides that a person or entity acquires “control shares” whenever it acquires shares that, but for the operation of the control share acquisition act, would bring its voting power within any of the following three ranges: 20 to 33-1/3%; 33-1/3 to 50%; or more than 50%.

Our Articles of Incorporation include a mandatory forum provision that, to the fullest extent permitted by law, the Nevada Eighth Judicial District of Clark County Nevada shall be the sole and exclusive forum for (a) any derivative action or proceeding brought in the name or right of the Company or on its behalf, (b) any action asserting a claim for breach of any fiduciary duty owed by any director, officer, employee or agent of the Company to the Company or the Company's stockholders, (c) any action arising or asserting a claim arising pursuant to any provision of NRS Chapters 78 or 92A or any provision of the Articles of Incorporation or Bylaws, (d) any action to interpret, apply, enforce or determine the validity of the Articles of Incorporation or Bylaws or (e) any action asserting a claim governed by the internal affairs doctrine. This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. To the extent that any such claims may be based upon federal law claims, Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. Furthermore, Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or rules and regulations thereunder and would preempt the choice of forum provisions in our Articles of Incorporation with respect to such matters.

A “control share acquisition” is generally defined as the direct or indirect acquisition of either ownership or voting power associated with issued and outstanding control shares. The stockholders or Board of Directors of a corporation may elect to exempt the stock of the corporation from the provisions of the control share acquisition act through adoption of a provision to that effect in the articles of incorporation or bylaws of the corporation. Our Articles of Incorporation and Bylaws do not exempt our common stock from the control share acquisition act.

The control share acquisition act is applicable only to shares of “Issuing Corporations” as defined by the Nevada law. An Issuing Corporation is a Nevada corporation which (i) has 200 or more stockholders, with at least 100 of such stockholders being both stockholders of record and residents of Nevada, and (ii) does business in Nevada directly or through an affiliated corporation.

At this time, we do not believe we have 100 stockholders of record resident of Nevada and we do not conduct business in Nevada directly. Therefore, the provisions of the control share acquisition act are believed not to apply to acquisitions of our shares and will not until such time as these requirements have been met. At such time as they may apply, the provisions of the control share acquisition act may discourage companies or persons interested in acquiring a significant interest in or control of us, regardless of whether such acquisition may be in the interest of our stockholders.

The Nevada “Combination with Interested Stockholders Statute” may also have an effect of delaying or making it more difficult to effect a change in control of us. This statute prevents an “interested stockholder” and a resident domestic Nevada corporation from entering into a “combination,” unless certain conditions are met. The statute defines “combination” to include any merger or consolidation with an “interested stockholder,” or any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions with an “interested stockholder” having (i) an aggregate market value equal to 5% or more of the aggregate market value of the assets of the corporation, (ii) an aggregate market value equal to 5% or more of the aggregate market value of all outstanding shares of the corporation, or (iii) representing 10% or more of the earning power or net income of the corporation.

An “interested stockholder” means the beneficial owner of 10% or more of the voting shares of a resident domestic corporation, or an affiliate or associate thereof. A corporation affected by the statute may not engage in a “combination” within three years after the interested stockholder acquires its shares unless the combination or purchase is approved by the Board of Directors before the interested stockholder acquired such shares. If approval is not obtained, then after the expiration of the three-year period, the business combination may be consummated with the approval of the Board of Directors or a majority of the voting power held by disinterested stockholders, or if the consideration to be paid by the interested stockholder is at least equal to the highest of (i) the highest price per share paid by the interested stockholder within the three years immediately preceding the date of the announcement of the combination or in the transaction in which he became an interested stockholder, whichever is higher, (ii) the market value per common share on the date of announcement of the combination or the date the interested stockholder acquired the shares, whichever is higher, or (iii) if higher for the holders of preferred stock, the highest liquidation value of the preferred stock.

#### ***Articles of Incorporation and Bylaws***

Our Articles of Incorporation are silent as to cumulative voting rights in the election of our directors. Nevada law requires the existence of cumulative voting rights to be provided for by a corporation’s Articles of Incorporation. In the event that a few stockholders end up owning a significant portion of our issued and outstanding common stock, the lack of cumulative voting would make it more difficult for other stockholders to replace our Board of Directors or for a third party to obtain control of us by replacing our Board of Directors. Our Articles of Incorporation and Bylaws do not contain any explicit provisions that would have an effect of delaying, deferring or preventing a change in control of us.

## PLAN OF DISTRIBUTION

The selling stockholders, which as used herein, includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling stockholders may use any one or more of the following methods when disposing of shares or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. Subject to those same restrictions, the selling stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus; provided, however, that prior to any such transfer the following information (or such other information as may be required by the federal securities laws from time to time) with respect to each such selling beneficial owner must be added to the prospectus by way of a prospectus supplement or post-effective amendment, as appropriate: (1) the name of the selling beneficial owner; (2) any material relationship the selling beneficial owner has had within the past three years with us or any of our predecessors or affiliates; (3) the amount of securities of the class owned by such security beneficial owner before the offering; (4) the amount to be offered for the security beneficial owner's account; and (5) the amount and (if one percent or more) the percentage of the class to be owned by such security beneficial owner after the offering is complete.

In connection with the sale of our common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. Subject to those same restrictions, the selling stockholders may also (i) sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities and (ii) enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). No underwriter of our initial public offering is entitled to receive any reimbursement for expenses in connection with the sale of shares by a selling stockholder.

The aggregate proceeds to the selling stockholders from the sale of the common stock offered by them will be the purchase price of the common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

The selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of the common stock or interests therein may be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are “underwriters” within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the shares of our common stock to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. In addition, we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.
